

Who Should Get Screened for Colorectal Cancer?

Phone: 800-431-2123/914-739-5400

E-mail: info@polymedco.com

www.cancerscreens.com

- If you are 50 years old, or older make sure that you meet with your doctor to discuss colorectal cancer.

Important questions to discuss with your doctor:

- Do I need to be screened for colon cancer?

- What are my risk factors for colon and/or rectal cancer?

➤ What are the symptoms?

➤ What are my screening options?

Polymedco Cancer Diagnostic Products, LLC

- Polymedco's FIT test detects blood in stool.
- It is a simple, affordable, at home screening kit requiring a small stool sample.
